

We ♥ hearing from you!

Hello dear client,

To celebrate our 10th anniversary, we turned the spotlight on our team—the heartbeat of Creos. Their inspiring stories reflect a decade of human and collective adventure.

More Than Just a Team, a Family

Creos is more than just a company. It's a family of visionaries driven by the passion to take interactive art worldwide. Dedication, curiosity, collaboration, respect, and a touch of creative madness—these values have united us for 10 years.

Our Beginnings

A constant challenge, epic missions, and a close-knit team prove that with the right energy, everything is possible. Here are just a few examples: Alexandre, our business development expert, rolling up his sleeves in the warehouse when needed. Sébastien, the administration whiz, flying to London to set up an installation. Virginie, our logistics magician, gaining her first on-site experience with *Prismatica*. That's Creos!
